

How to install

After a successful build, the installation file will be generated in the folder

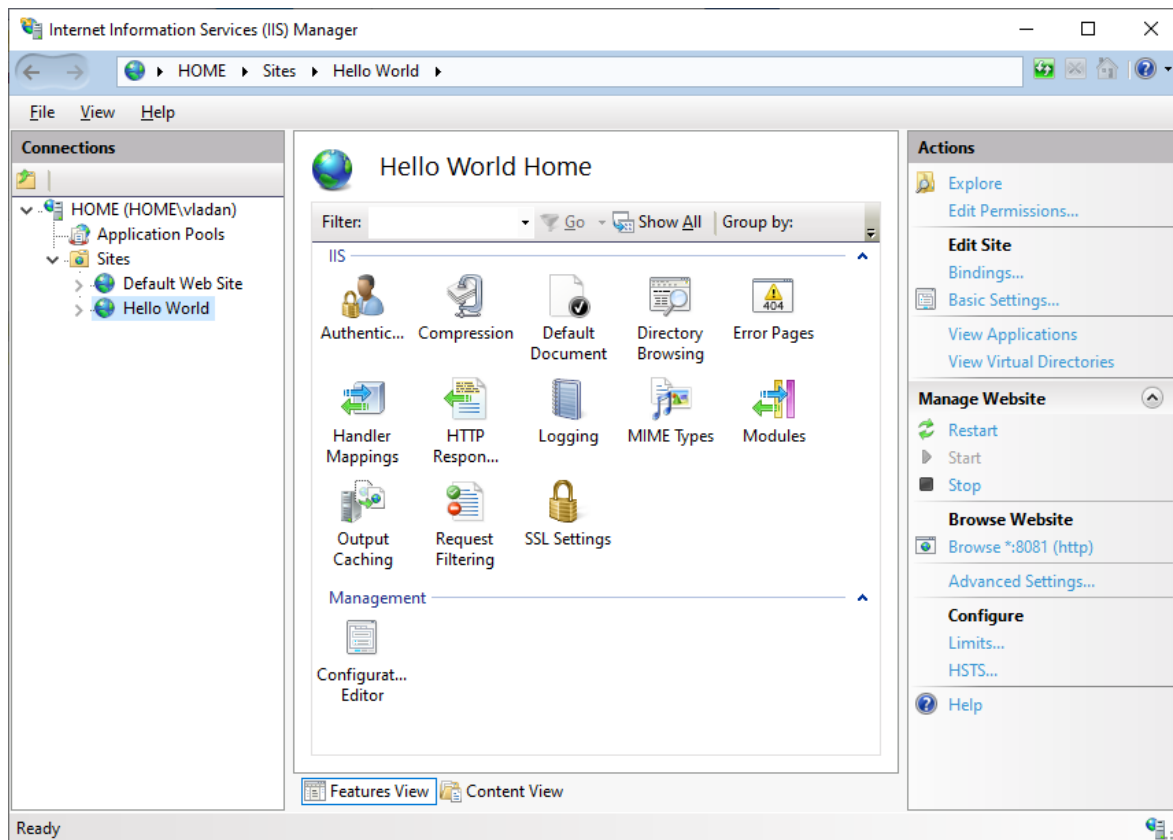

".\Setup\bin\x86\Debug\Setup.msi"

Run Setup.msi and click yes on windows User Account Control dialog.

Application will be automatically installed on Program Files folder.

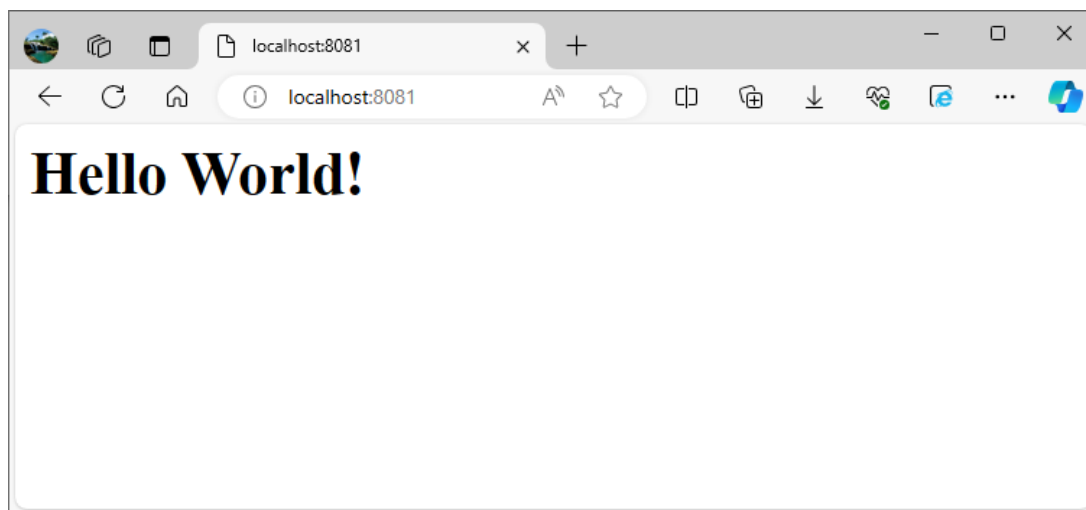

If you open windows IIS console, you will see new web site named “Hello Worl” installed.

Web site installed on port 8081.

Open browser on web address <http://localhost:8081/>

There are no shortcuts created on Start Menu or Desktop.
